

Beloved Jennifer

Happy happy New Year. I hope you are doing great. Sorry for the delay in replying.

Its so good to read your email again. I have received the picture.i know God will bless the secretary for her contributions to the union.

Projects are ongoing. I and some few members spent Christmas with an orphanage home we gave them food items, sanitary items as well as Clothings.

I personally organized a party for the sunday school children.My motive was to make every child happy during this festive season.

This season has been a busy one but its all for a good cause. May God bless you. Hoping to read more from you.

Happy new Year
Regards
Joyceline
